- Avoid water spillage in stalls.
- Regularly smooth out the bed with the aim of assisting drying.
- Consider using rubber matting for front half of bed.
- Do not dig out the wet patches.
- Do not disturb the bedding base.
- Keep the top of the bed loose.
- 100 mm borders are an advantage in managing the bed.
- Experience has shown that a properly managed bed will last a full Show with little need for top up bedding, particularly with some classes of livestock.

Completed NVD forms must be handed to the Beef Cattle Supervisor by 8.30 am on Friday prior to weighing.

Steers not meeting this criteria will not be eligible for competition.

MSA REGISTRATION

Please remember to be MSA Eligible, ALL exhibitors must be MSA registered, and exhibitors must supply the Society with an MSA Vendor Declaration for all animals.

MSA is a valuable asset to the Australian beef industry, providing opportunities to differentiate product in the market. Unlike existing industry description systems, MSA accurately predicts eating quality for individual beef muscles. For consumers, the Meat Standards Australia (MSA) graded logo is a trusted symbol of quality.

If you are not already registered for MSA, it is quick, easy and free. Follow the below steps:

1. Visit www.mla.com.au/msa and click on Producer Registration.
2. Enter your PIC (Property Identification Code) and LPA username and password. If unsure of your PIC or LPA details, please contact 1800 683 111 or email lpa@mla.com.au to retrieve your information.
3. Once details have been used to log in, please follow the prompts to complete the registration.

The following requirements also apply:

- Cattle must not have been mixed within 30 days of transport to the competition.
- Cattle must be on full feed and water prior to dispatch from the Showground.
- Exhibitors must complete an MSA Vendor Declaration form to accompany the National Vendor Declaration (see above website to order these forms).

If you require further information or assistance, please do not hesitate to contact the Society on (08) 8210 5211 or Meat Standards Australia on 1800 111 672.

NVD AND MSA FORMS MUST BE COMPLETED IN FULL INCLUDING SIGNED AND DATED. DATE AND TIME OF DISPATCH IS FROM THE HOME/PROPERTY WITH THE NVD DESTINATION THE ADELAIDE SHOWGROUND.

WEIGHT RESTRICTIONS

Any Steer weighing less than 390 kg live on the Society's scales will not be accepted for competition.

ENTRY PASSES - SCHOOLS

Schools entering in the Led Steer section will receive 12 one-day passes per steer exhibited to gain access during the Royal Adelaide Show on Saturday and Sunday.

The Society strongly recommends that a maximum of six students be involved in the preparation and showing of Led Steers at the Royal Adelaide Show.

WEIGHING OF LED STEERS

All Led Steers will be weighed at the 2025 Royal Adelaide Show at 8.00 am on Friday 29 August (Purebred Steers, Crossbred Steers followed by School Steers). This Information will be displayed on the exhibit's neck card.

EXHIBITORS PLEASE NOTE

ON HOOF JUDGING: There will be three weight classifications. The steers will be weighed, and the Beef Cattle Committee will make up classes as evenly as possible.

ON HOOK JUDGING: Exhibits will be classed according to their carcase weight.

GRAND PARADE

For School Entries Only.

All Schools are required to lead all their steers in the Grand Parade on Saturday 31 August.

Schools failing to parade all steers in their team may be disqualified from competition.

A sash will be awarded to the school that is judged for the best appearance and parading. This sash will be presented immediately after the Grand Parade.

JUDGING OF BEEF CARCASSES

Carcasses will be judged within the general parameters of the Meat Standards Australia Competition Model, incorporating carcass attributes relevant to Market Specifications and MSA developed eating quality standards.

Eye Muscle Area	15 points
P8 Fat	10 points
Rib Fat	15 points
Total Market Specification	40 points

Eating Quality

Calculated using the MSA prediction model (average eating quality score for the 17 main primals by their cooking methods) and records all MSA parameters for feedback.

Total Eating Quality 60 points

TOTAL SCORE 100 POINTS

To be eligible for an award, carcasses should meet the following MSA requirements:

- pH, less than 5.7;
- Rib Fat Depth, minimum 3mm;
- Meat Colour between 1B & 4;

CARCASS WEIGHT AND FAT SPECIFICATIONS

Category	Range Weight – kg	P8 (Rump)	12/13 Rib - mm
Light Domestic	200-250	6-12	5-8
Heavy Domestic	250.1-300	8-15	5-9
Export	300.1+	10-20	7-12

NB: Payment will be made in accordance with the Thomas Foods International price grid on the day. The Society reserves the right to alter the judging method. Exhibitors will be advised of any changes as early as possible.

SLAUGHTER OF LED STEERS

In an effort to reduce the number of dark cutters often caused by stress to animals the RA&HS Beef Cattle Committee will be loading steers for Thomas Food International in the early hours of Monday morning. This will allow steers to relax and sleep following a full day of judging, parading, photos etc.

All exhibitors will be required to feed and water their animals after judging on the Sunday afternoon prior to packing up and leaving. It is also recommended that a small amount of hay is left in front of each steer.

Exhibitors will be required to tie their steers up with a halter supplied by the RA&HS by 6.00 pm. These halters can be collected from the Beef Cattle Office.

All equipment and gear must be removed by 6.00 pm on Sunday 31 August.
