An Inspection Committee, as is hereinafter mentioned, shall inspect all sheep to be exhibited in all classes other than under 1½ years old. This inspection shall be made by 22 September preceding such Royal Adelaide Show. The intending exhibitor shall be responsible for arranging the inspection and seeing that it is carried out.

If any sheep is inspected after 15 August of the year preceding the show, the Inspection Committee shall allow a growth at the rate of one millimetre per three days with a 30 day cut off date for wool length being 15 September, with a maximum allowable length of 22.5 mm as at 15 September preceding such Show. Sheep inspected after 15 September may be late tagged to the maximum allowable length of 22.5 mm.

No sheep being 18 months or over at the commencement of the said Royal Adelaide Show shall be eligible for exhibition at that Show unless it bears the Association's inspection tag corresponding with the Certificate of Inspection.

Any sheep under 18 months shall not be eligible for Championship or Grand Championship awards unless shorn and tagged in accordance with the shearing regulations.

Sheep inspected after 1 April may be late tagged to the maximum allowable length of 22.5 mm with this inspection being made by 9 April preceding such Royal Adelaide Show.

Inspection of Sheep

All sheep must be inspected by a Committee comprising two Inspectors, both of whom shall be Members of the South Australian Stud Merino Sheepbreeders' Association contained in a Panel of Member inspectors filed by the Association with the Royal Agricultural and Horticultural Society of South Australia. No such Committee Member shall bear any relationship to the owner or have any financial interest in any flock submitted for inspection.

No members of the Inspection Committee shall sign an Inspection Certificate until he has seen one member of the Committee actually measure the length of the wool of each of the sheep mentioned in the Inspection Certificate, with an approved measuring device and is satisfied that the wool is of the requisite length.

After each such inspection the Committee must affix an ear tag in the unregistered ear of the sheep inspected. With the permission of the Committee the owner may affix the tag. To enable the ear tags to be affixed, the Committee may authorise the owner or one of their number to punch the ear of the sheep.

Any ear tag affixed by or with the permission of the Inspection Committee shall be made of approved material and shall bear approved lettering on one side - together with the year of inspection and on the other side shall be branded with an identification number and letter.
