From humble beginnings in 1988 and built from a genuine passion and respect for the land, Thomas Foods International (TFI) is now Australia's largest 100% family-owned and operated red meat processor. We produce and supply some of the best beef, lamb, mutton and goat Australia has to offer to over 85 countries, having consciously grown to be a fully vertically integrated business.

We are proudly headquartered where it all began in South Australia; now with over 20 offices and/or facilities across nine countries. We are backed by almost four decades of experience in supplying trusted Australian red meat products to the world.

TFI OFFICE LOCATIONS
Australia, Canada, China, Europe, Japan,
Middle East, South East Asia, UK and USA.

RURAL PATHWAYS PROGRAM

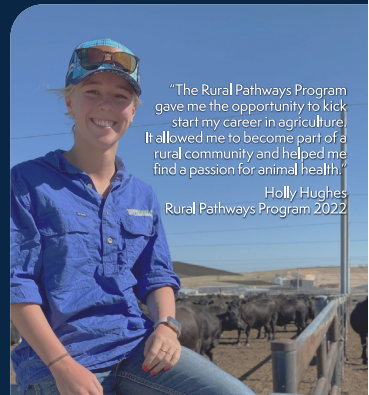

TFI proudly support and encourage careers in Australian agriculture. Our Rural Pathways Program is targeted at recent school leavers who are seeking an entry level opportunity with a leading Australian agricultural company.

Over the 12-month paid program, successful applicants will gain experience across both TFI Rural and Southern Cross Feedlot. Our objective is for all participants to finish the program well-equipped to continue a successful career in the agricultural industry. We achieve this through providing both internal and external training and support during the program.

TFI Rural: Represents our multi-site farm operation spread across southern Australia, producing lambs and cattle, also cultivating crops. Our farms cover an area in excess of 22,000 hectares.

Southern Cross Feedlot: Our industry leading and award-winning feedlot with a 27,000 standard cattle unit capacity is a key partner of the TFI Murray Bridge Processing Facility.

To find out more and for expressions of interest, please email Kelly Nankivell, Business and HR Manager: kelly.nankivell@thomasfoods.com

"The Rural Pathways Program gave me the opportunity to kick start my career in agriculture. It allowed me to become part of a rural community and helped me find a passion for animal health."
